

Journal of Taphonomy

Dear authors, readers and subscribers

Journal of Taphonomy has undergone a delay in its publication from issue 1 of 2013 until now.

Now, publication will be resumed by publishing just a single issue each year of 2014, 2015 and 2016. Thus, manuscripts in these issues will maintain their original acceptance dates. Individuals or institutions subscribed in 2013 will receive these three issues cost free. We will contact those who paid for subsequent subscriptions to regularize finances.

We apologize for this delay and we will be willing to provide any further information.

Sincerely,

Journal of Taphonomy
